# About Us

Since 1999, R V Enterprises has been powering progress as a trusted manufacturer of panel boards, meter boards, distribution boards and cable ties. Strategically located near **Cochin International Airport, Kerala**, we proudly serve customers across **Kerala, Karnataka and Tamil Nadu** delivering quality that travels beyond borders. Our mission is simple yet powerful to craft products that combine durability, precision and innovation while ensuring complete customer satisfaction. With a robust service network and an uncompromising focus on quality we don't just manufacture components we build lasting connections of trust and reliability. At R V Enterprises every product reflects decades of expertise engineering excellence and a promise to empower the future.

## Manufacturing Excellence

### Fabrication

Premium-grade TATA Steelium CR sheets (1 mm – 2 mm)  
High-precision CNC laser cutting  
Advanced CNC hydraulic press forming

### Powder Coating

7-Tank Pre-treatment Process:  
Degreasing | Derusting | Pre-activation | Phosphating |  
Passivation  
Final finish with RAL 7035 powder coating for enhanced strength and corrosion resistance

### Assembly

Managed by qualified technical professionals  
Integration of high-quality components available in the market  
Focused on safety, reliability, and long-lasting performance

## Why Choose Us

Over 25 years of experience  
Uncompromised product quality  
Efficient service network across South India  
Trusted by leading industries and contractors
